

# 11. Interval Round

(from "Little Machines")

*Directions:* Voice 1 begins alone at Section 1. When Voice 1 reaches Section 2, Voice 2 begins at the beginning of the song. When Voice 1 reaches Section 3, Voice 3 begins at the beginning of the song. (If Voice 1 sings through the entire song 3 times, then Voice 2 will have sung through it 2 2/3 times and Voice 3 will have sung through it 2 1/3 times.) A nice way to end the song is for everybody to sing the word "HARMONY", blending on an "A" chord (A-C#-E)
